

EASY STEP-BY-STEP GUIDE TO HANGING

wall sconces

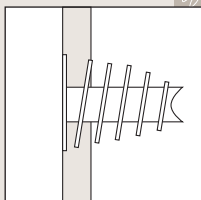

STEP 1

Decide where you want to hang your wall sconce. While you are holding it in place, mark the wall in the screw loops that will hang the sconce.

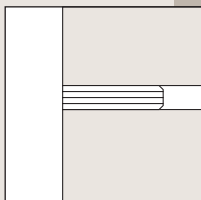

STEP 2

If you are using wall mates, place the point of the mate on the mark you have made and screw it into the wall so that the flat part of the mate is level with the wall surface.

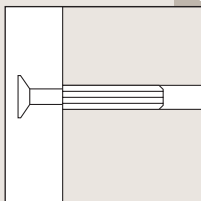

STEP 3

If you are using rawlplugs, drill a hole into the wall on the mark(s) you have made and then tap a rawlplug in until it is flush with the wall.

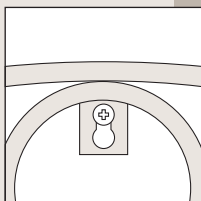

STEP 4

Screw in your screws, leaving sufficient length exposed for the screw loops on the sconce.

STEP 5

Hang your wall sconce and decorate with your favourite votives or tealights.

dusk.
